Oats

Discount Schedule for 2023

Effective : 7/31/2023

- 1 Farmers' Grain And Feed will not prepay for grain being sold, which has not been picked up or delivered to the elevator.
- 2 At time of delivery please inform scale operator of intended dispersment of delivered grain (i.e. contract application, feed grain bank, market grain bank or spot cash). Storage will be calculated on a daily basis using appropriate grain bank
 - Feed grain bank 3c/month
 - Market grain bank 4c/month
 - Minimum Storage charge of \$.10/ bushel**
 - Equivalent to 2 1/2 months storage.
- 3 When filling contracts, the oldest contract will be first.
- 4 An Out-Charge of \$0.15/Bu. will be assessed to any grain delivered to Farmers' Grain & Feed LLC but not marketed or processed through the elevator.
- 5 No negative grain bank balances will be allowed. Customers will be billed for the grain used for feed after their own grain has been used. If a customer chooses, one can deliver grain within the month the transaction occurred to have those charges reversed.
- 6 Discounts schedule as follows.
